In Memoriam

"GREATER LOVE HATH NO MAN THAN THIS,
THAT A MAN LAY DOWN HIS LIFE FOR HIS FRIENDS."

Walter Dirrim

Ercil Eyster

Robert Hake

J. W. Ingram

Burl Junior Knapp

Maurice Lovejoy

When the early settlers arrived in sufficient numbers, one of their first community projects was to build a schoolhouse and a church. Often the same building served both needs. Many youngsters attended school only during the winter months when farm work was less demanding.

Previous to the winter of 1874-75, the children living in Edon went east or west one mile to country schools. In

1875, Solomon Metzler was employed to teach in a large room in the Sheline Hotel. The following summer, Mrs. Hattie Miller taught a select school; and William Holmes taught a class the following winter. The first Board of Education was elected March 10,1876. In May of 1876, they voted to finance a new schoolhouse. A contract was

awarded to Andrew Sheline to construct a two-story brick building at a cost of $2,000. This building was torn down in 1894.

Increased enrollment made it necessary in 1889 to build a much larger structure. One Sunday morning in January,1904, this building burned.

In the year 1904, Prof. O. E. Ewan came to Edon as Superintendent. He was the high school faculty with the help of the 7th and 8th grade teacher, now Mrs. Ella Gearhart Messner. School was held in various buildings up town until the new building was ready for occupancy in January,1905. Except for a few minor features, the new building duplicated the one that burned. Both the high school and grades used this building.

Through the efforts of Mr. Ewan, Edon High School was granted a charter and allowed to graduate its first class in May, 1905. This was the first of the consecutive classes as we know them today. A class of three completed a special class in 1881 and had a commencement program.

As the enrollment grew and the state demanded more space and more teachers, the school board authorized the erection of a temporary building just north of the high

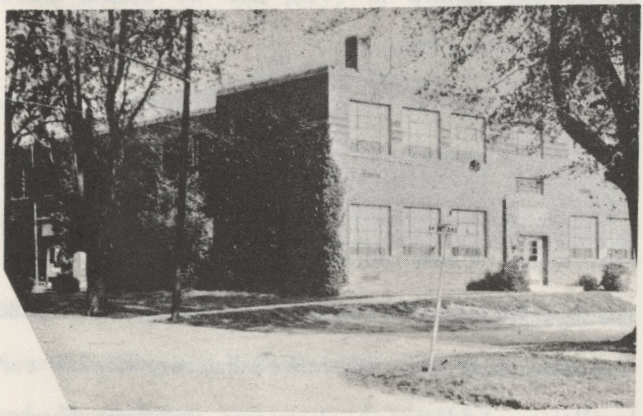
school. This one-story frame building, known as the "Sheepshed," had three rooms, heated by stoves, and housed the first six grades. This same year, 1920, the village and twonship districts consolidated to become the Florence Edon School District. Gradually, the country schools were abandoned and the pupils were hauled into town.

In 1929, the Eli Sheline house, west of the "Sheepshed," was purchased and became known as the "Cottage." This was used for the new home ec department. Ethel Folden was the first instructor. In 1931, the old high school was modernized; and the outside plumbing disappeared.

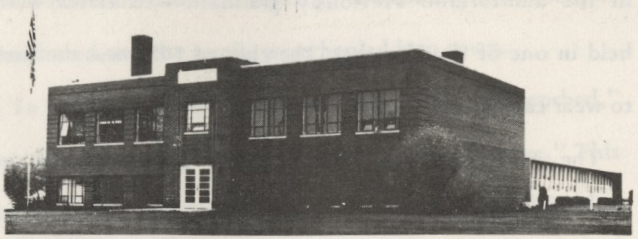
The "Cottage" was moved; and in the fall of 1936, a new building including the auditorium was dedicated. The

home ec department occupied the northeast-corner room and other classrooms were located along the north wall under the auditorium seats. A band room was provided. The class of 1937 was the first to hold graduation exercises in the auditorium. Previously graduation exercises were held in one of the churches. The class of 1938 was the first to wear caps and gowns.

The west wing was added to the 1936 structure in 1939-40. The addition provided classrooms, offices, farm shop, and a new home ec department. The "Sheepheds" were torn down, and the old high school became the elementary school.



Meanwhile in Northwest Township, the rural schools were consolidated and a building erected at Cooney in 1940. High school students had attended Edon for many years on a tuition basis, often staying with friends or



relatives during the months when the roads were bad. Many will remember driving Dad's model T Ford. Fay Lees drove the first school bus to Northwest. Our present school system was formed in 1956, and we became Edon Northwest School District.

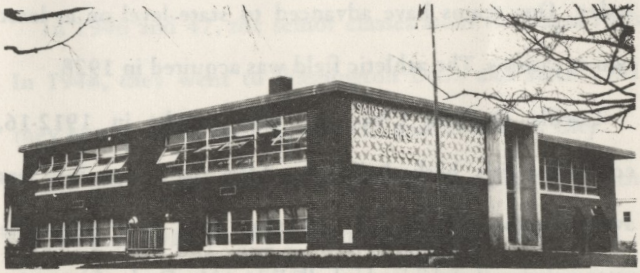
In the summer of 1957, the old high school was torn down and a new elementary building built. Elementary classes at Edon were held in the churches during construction. A new addition was added to Northwest at this time. Both buildings were dedicated August 24, 1958.

Again, it became imperative that we expand our facilities. Additional classrooms, cafeteria, library,

industrial arts, and physical educational space was built and dedicated April 23,1967.

Since 1969, the first four elementary grades use the facilities at Northwest. All other elementary classes including kindergarten are taught at Edon.

Throughout the years, St. Joseph's Catholic School at



Blakeslee has provided instruction for the first eight grades. A new building was built in 1959 having four classrooms and a large cafeteria.

Since the start of Edon High School, music has been a part of the curriculum. Instructors were hired part time until 1932 when Pauline Kaiser Maxwell was hired full time, going to the rural schools also. In 1937, Evart Norgard was hired, uniforms were provided, and our first marching band was formed. Since its beginning with a second-hand organ, our musical department has taken its share of honors.

In the field of athletics, football was our first endeavor. From 1911-1951, football was played intermittently. Since that time, we have had football every year. Herman Kosch became the first high school coach in 1927, and baseball became the athletic interest and continues to be popular today. Our teams have advanced to state level on at least two occasions. The athletic field was acquired in 1928.

Lucille Opdyke Chris an, who taught in 1912-16, coached a girls' basketball team. After the gymnasium was available, the girls played basketball until 1939 when the state ruled out girls' basketball. When Mr. Derbyshire came in 1932, the boys practiced basketball in Mauerhan's ice house. They often used the gyms at other schools for practice. Since 1936, basketball has been a part of Edon

High School athletics. More recently our track teams have taken their share of honors.

Out of the home ec department has come the cafeteria which provides lunches to the pupils and serves dinners at special community meetings. The cafeteria has functioned since 1944. The F.H.A. (Future Homemakers of America) was instituted in 1941. Marjorie Isenhart Sintic taught home ec in 1935-36 and initiated the first commercial courses. In 1938, the agriculture department was added with Edward Green as instructor. The F.F.A. (Future Farmers of America) operates as part of this program. The kindergarten department was added in January, 1946, with Mrs. Evelyn Fetters Krill as teacher.

In 1946 and 47, the senior classes went to Niagra Falls. In 1948, they went to Washington D.C.; and since 1951, they have gone to Washington D.C. and New York City.

Mr. Ewan was granted a leave of absence during the school year 1918-19. F. W. Bruins was superintendent during that year with Mr. Ewan back the following year and continuing until his death in the summer of 1927. Charles Estrich served as next superintendent remaining until 1937 when Wayne Cornell took his place. Mr. Cornell resigned in 1943, and E. C. Derbyshire accepted the position

continuing until 1967. Lowell Etzler, then high school principal, moved up to superintendent, remaining until 1969. Kent Adams accepted the position and is our present superintendent.

An active Parent Club provides many of the material needs of the school and promotes a better understanding between parents, students, and teachers. The Alumni Association was organized by Mr. and Mrs. D. T. Kiess in 1908 with twelve graduates. It has been dropped and revived several times but has functioned consecutively since 1930 with the exception of World War II years. Over 2000 students have graduated.

The Edon Northwest School Board and Superintendent Derbyshire were active in the formation of the Four County Joint Vocational School, which was officially organized May 11, 1966. Many Edon students attend the school and have made fine records for themselves and their home school.

Throughout the years Edon High School has provided the opportunity for learning, and many of our graduates hold positions of high esteem in many fields of endeavor. Many are the lifelong friendships that has their beginning at Edon High School.
